Work Experience

WEB DEVRS
CODING BOOTCAMP
2021-2023

As a front-end developer, I've led the development of responsive and user-friendly web applications using **HTML, CSS,** and **JavaScript**. I've harnessed **React** and **Material-UI** to create engaging user interfaces, collaborated with cross-functional teams to ensure pixel-perfect designs, and optimized applications with **Bootstrap** and **Tailwind CSS**. I've integrated data storage solutions, managed version control with **Git**, and actively participated in **code reviews** and **debugging**. Additionally, I've expanded our reach with **React Native**, modernized legacy codebases, and enhanced productivity through workflow improvements and automation tools.
